Rodney Earl McKee was born in Boise, Idaho. He was raised in the Salt Lake Valley. After graduating from high school, Rod joined the U.S. Marine Corp. for four years. While stationed at El Toro Marine Base in Southern California, he met Mary L. Hislop.

On April 15, 1972, we were married in the Los Angeles Temple.

We moved to West Jordan, Utah, after Rod's discharge from the service. Rod was s superintendent for a company that built steel buildings. He was in charge of construction.

Brandi was born to us on August 15, 1975, at L.D.S. Hospital in Salt Lake City, Utah. Soon after her birth, we moved back to Santa Ana, California, where we had our own business in swimming pools. We had a successful busness, but decided we wanted to live in a much different enviroment, especially to raise our daughter.

We started out for Oregon, but we were guided to Heber City instead.

We lived in a 5th wheel trailer, while we built our own home (which we are still building). It seems like a never ending project, but we enjoy it alot.

Rod had his General Contractor's License, and also his license in spas and swimming pools. We own and operate Prospector Spa and Swimming Pool Supply in Park City, Utah.

Rodney Earl McKee Jr. was born to us on October 11, 1981, at Wasatch Community Hospital. This makes him a true Heberite.

Our family loves working hard and playing hard together. We love the out of doors particularly. We feel truly blessed to live in such a beautiful area.
